

Sintelli Double Jersey Open Width

KNITTING MACHINE

Your demand can be customized, welcome to make inquiry.

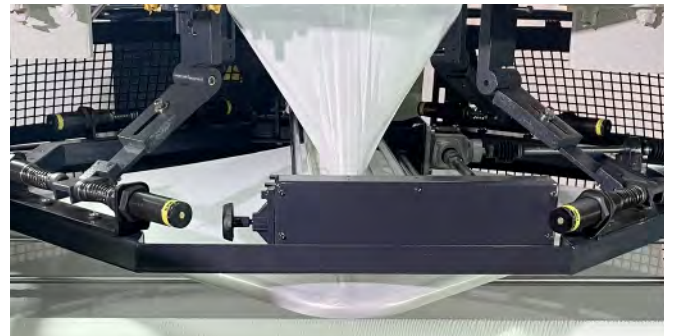

Making high quality fabric without any folding mark

**Higher Machine Frame
can be customized
according to higher roll weight**

| Main Features

- ※ Open Width knitting machine can knit top-class fabric quality without any center crease over the entire fabric surface.
- ※ The cloth-cutting machine is equipped with a roller speed adjustment device that guarantees a uniform and stable knitting tightness to the fabric.
- ※ Based on double jersey machine, it can knit various kinds of no folding double jersey fabrics. Automatic cloth cutting system to ensure unnecessary fabric loss
- ※ Available of Conversion Kits to Tubular Machine Frame for multiple purpose.

- ※ Available for Jumbo Industrial Frame for Mass Fabric Rolls Production.
- ※ Adopt high-precision space aluminum cam box and specially new designed spiral regulation screws to ensure accurate cam positioning, smooth needle movement and no horizontal lines on the fabric surface. The space aluminum cam box has fast heat dissipation and does not get heat in high temperature environment.
